

RONDO

ETHANOL BURNER

Commerce Technology®

INSERT TO BUILD-IN

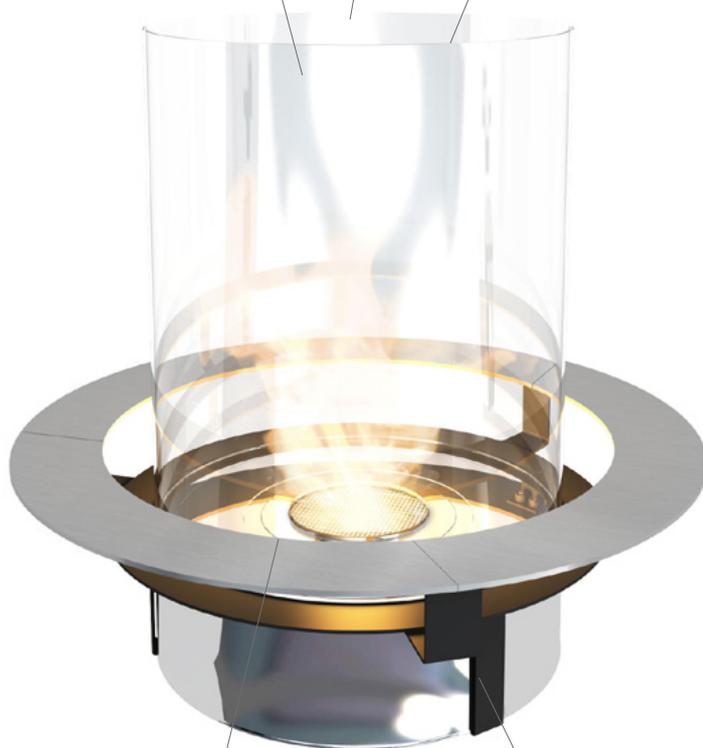

Rondo is a modern modern ethanol burner dedicated for custom installations. No hard connections and compact size make is extremely easy to arrange in different kinds of housings.

COMMERCE TECHNOLOGY®

Planika developed a uniquely safe Commerce Technology®, which is based on highly absorbent ceramic fibers. If you accidentally tilt the fireplace, the fuel will remain inside the burner.

GLASS CYLINDER

This durable glass cylinder protects the flame from any air blows, making it stable at all times.

CLEAN & EFFICIENT FIRE

The fireplace utilizes bioethanol, the green source of energy. It produces fire that is rich in colour and doesn't emit any smoke.

BEST BUILD QUALITY

The product is built to the highest quality standards. Made of best materials and components, it is always safe and reliable.

Rondo (Commerce Technology®)

Fuel tank capacity	3.0 L
Maximum burn time	7.0 hours
Maximum heat output	2.5 kW
Minimum room cubature	25 m ³
Weight	7.0 kg
Fuel type	bioethanol 95 - 96,6%
Flue	not required
